Heather x

Make a crazy Portrait.

1. Carefully cut out a face from a magazine;
2. You'll need some colourful bits as well, I used

a plant catalogue
and
some
words
from
a
newspaper
too, for
the
dress.

3. Rip some colours up and arrange them as 'hair'

4. Tear the words into strips and use them as 'clothes'

Ta-da-da!

Doodle like Klimt

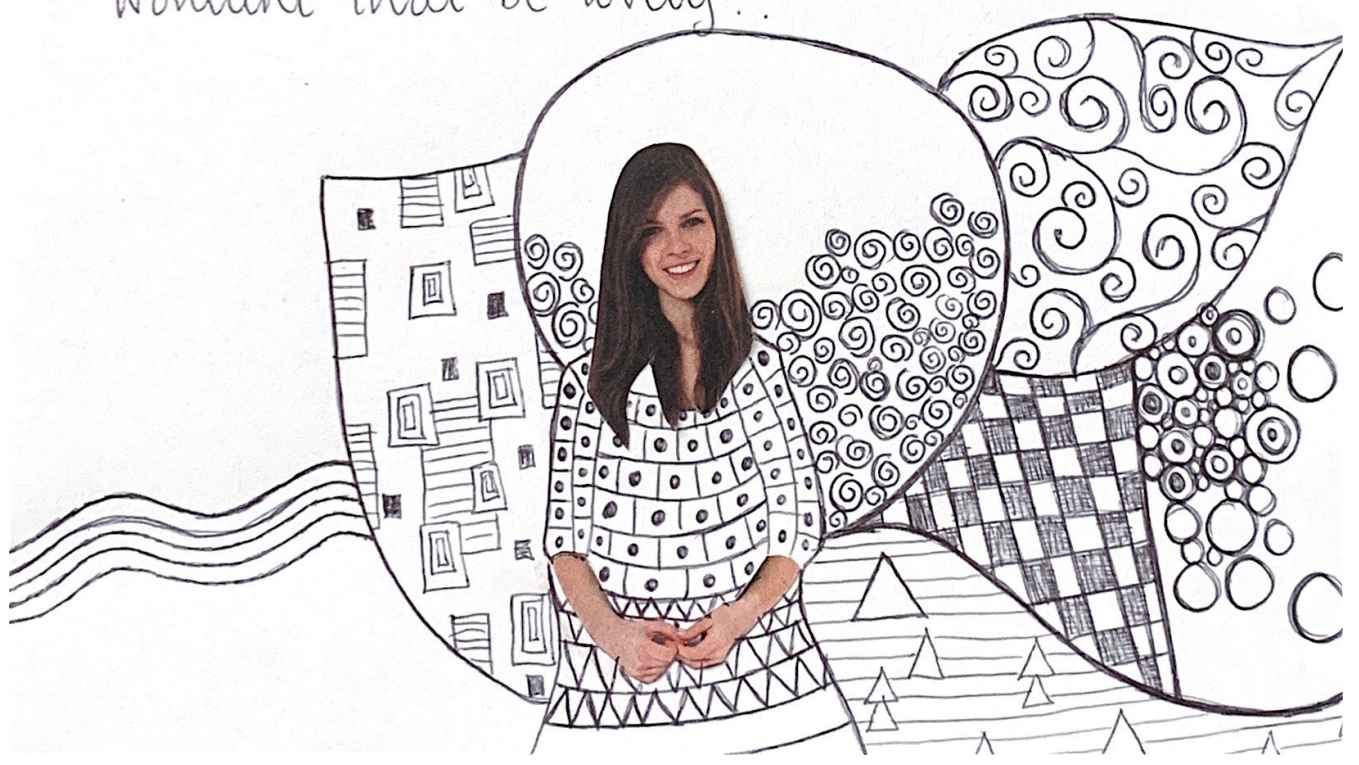

One of my favourite artists, Gustav Klimt, was famous for his patterns.

Find a picture of a person in a magazine; you'll need their head and arms. Chop, chop!

Unleash your inner Queen of hearts and cut off their heads (and arms!)

Look at the example below and doodle some repeating patterns for their clothing and the space around them.

Add some colour in if you have pens or pencils. Klimt loved to use real gold in his paintings - wouldn't that be lovely?!

Spice up a Splodge

Add some eyes, legs, or turn them into things, like

What's outside your window?

We all have a different view to look at - is yours a skyline, with rooftops and chimneys? Or are you able to see some trees or a garden? Sketch a frame, the same shape as your window and fill it with the things you can see!

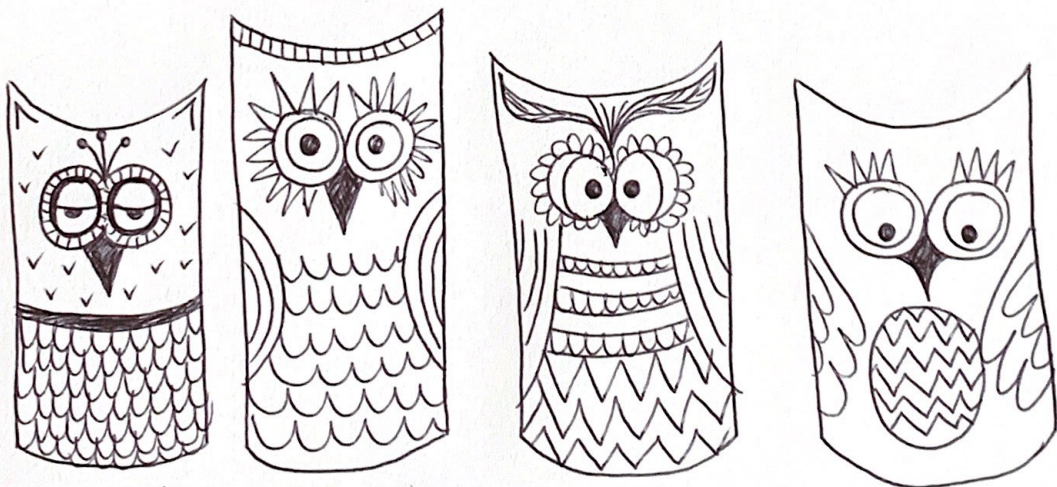

Toilet Roll Owl

1. Find a toilet roll (to be extra-safe, you can microwave it for 20 seconds to get rid of any bugs, but make sure you have an adult to help you!)

2. Carefully, fold the top so that you make this shape  push down with your finger at the top of the roll.

3. Now you can decorate with black pen, or any colour you've got in your pencil case - be creative!

4. Now make up a story about your owls, put on a puppet show, sell tickets and have some fun!
↳ to your family 😊

Paint with Coffee

You'll need:

- Some paper
- a very small amount of Instant Coffee
- a paintbrush
- some warm water (tap warm will do)

Make a Bird

The instructions, along with step-by-step photos are on the next page!

Collective Nouns

Did you know?

- * a wake of buzzards
- * a murder of crows
- * a congregation of eagles
- * a trembling of finches
- * a charm of hummingbirds
- * a gulp of swallows

↑
I think they look like pigeons!
- What colourful birds can you make?
